

FEMA Electronics offers a wide range of LED products ranging from LED Lamps, Displays to SMD LEDs. LED light products are highly desired due to its many advantages which includes high efficiency, fewer size restrictions, variety of color, longer lifetime as well as being environmentally friendly.

LED Product Line

LED Lamp

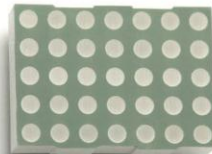

Segment Display

Surface Mount LED

MR16 LED Bulb

Dot Matrix Display

Backlight

LED Exit Light

Light Strip

Bar Graph Display

LED Lamp

- Ultrabright in all Colors, Blue, White
- RGB (Multi Color LED)
- UV LED, Infrared, Phototransistor
- Holder: Right Angle, Panel Mount

LED Display

- 7 Segment, Alphanumeric
- Dot Matrix, Bar Graph, Light Bar
- Intelligent Displays with LED Driver

High Power LED

- 1 Watt, 3 Watt, 5 Watt
- All colors available

SMD LED

- 0603, 0805, 1206
- PLCC-2, PLCC-4
- Subminiature, Dome Lens
- Right Angle, Side View Type

SMD Display

- Single Digit, Dual Digit, Three Digit, Four Digit
- Digit Sizes: 0.28", 0.30", 0.40" 0.55"

LED Light Strip Assemblies

- Flex Circuit and Rigid PCB
- Different types of SMD LED sizes
- Standard Lengths up to 1 meter

LED Backlight

- Standard sizes for LCD application
- Custom Design
